

PHAB 2021 Programme

Key:

Plenary sessions	Panel discussions	Practical sessions	Scientific sessions
------------------	-------------------	--------------------	---------------------

WEDNESDAY, SEPTEMBER 22, 2021 - HEAD: A MEETING OF GREAT MINDS

	King Willem Alexander	Princess Ariane	Princess Alexia	Oceania	Europe
12:30 - 13:30	<ul style="list-style-type: none"> - Opening & welcome - (Inter)national plant health concerns - Introducing plant "blindness" 				
13:30 - 15:00		Trans-boundary plant pests and phytosanitary risks	Strategies for tackling plant health threats	Climate change impacts on plant health	A strong foundation: soil and microbial issues
15:00-15:30	Coffee Break, Exhibition Visit and Poster Viewing				
15:30-17:00		Bending Over Backwards: what are the limits of climate change adaptation in smallholder farming?	<i>Practical session (TBD)</i>	Resistance and resilience	Invasive species affecting plant health
17:00-17:30	Coffee Break, Exhibition Visit and Poster Viewing				
17:30-19:00	<ul style="list-style-type: none"> - The urgency of challenges in plant health - Our commitment to plant health 				

THURSDAY, SEPTEMBER 23, 2021 - HEART: A WHOLEHEARTED COMMITMENT TO PLANT HEALTH

	King Willem Alexander	Princess Ariane	Princess Alexia	Oceania	Europe
08:30-10:00	- Stewardship and plant health - Inspiration from food prize winners				
10:00-10:30	Coffee Break, Exhibition Visit and Poster Viewing				
10:30-12:00		One Health	Bioprotectants and integrated pest management	How plant clinics support plant health	Sustainable sustenance: fertilizers and nutrition
12:00-13:30	Lunch, Exhibition Visit and Poster Viewing				
13:30-15:00		Balanced nutrition improves plant health and protection	Practical session (TBD)	Rediscovering natural methods	Improving extension services
15:00-15:30	Coffee Break, Exhibition Visit and Poster Viewing				
15:30-17:00		Ecosystems and biodiversity	Elevator Pitches		

FRIDAY, SEPTEMBER 24, 2021 - HANDS: ACT AND CONTRIBUTE TO PLANT HEALTH

	King Willem Alexander	Princess Ariane	Princess Alexia	Oceania	Europe
08:30-10:00	- Holistic ecological management - Today's youth/tomorrow's plant health				
10:00 -10:30	Coffee Break, Exhibition Visit and Poster Viewing				
10:30-12:00		Bridging the information gap to facilitate evidence-based decision making in plant health	<i>How to serve smallholder farmers to grow healthier crops and intensify sustainably</i>	A biologicals network for African Agriculture	Advanced methods for non-invasive detection of plant stress and plant health
12:00-13:00	Lunch, Exhibition Visit and Poster Viewing				
13:00-14:30		Importance of advisory services for the implementation of plant health	<i>Practical session (TBD)</i>	Innovative plant health treatments	International plant biosecurity collaborations
14:30	Closing Ceremony
